ARCHAEOLOGY MUSEUM, SCHLOSS EGGENBERG

Eggenberger Allee 90
 8020 Graz
 T +43 316 8017-9560
archaeologie@museum-joanneum.at
www.archaeologiemuseum.at

The Lapidarium and the archaeological exhibition at Schloss Eggenberg are always worth a visit - and not just in bad weather! To ensure that wheelchair users can reach the exhibits as easily as possible, all exhibition areas are levelled. The toilet facilities are also completely barrier-free.

If you are accompanied by an assistance dog, it can of course guide or accompany you through the exhibition.

People with dust allergies benefit from the nature of the exhibits. It is also easy to breathe in the exhibition rooms, as the furnishings have been designed without upholstered furniture and carpets etc.

Something special has been thought up for the youngest visitors: children can familiarise themselves with the subject of archaeology in a separate area.

In addition to the labels attached directly to the exhibits, a free catalogue is also available. It contains all the information about the exhibits. Each exhibit is numbered to make it easy to find. Of course, people with learning difficulties also benefit from this. Incidentally, special needs are catered for during guided tours - so that everyone really gets something out of it!

ACCESSIBILITY

Accessibility by public transport

Please use the route planner of Verbundlinie Steiermark:
<https://verkehrsankunft.verbundlinie.at/>

© UMI

Planetary Garden at the Archaeology Museum
